Payment is required on the day of Service and Invoices must be Paid in Full.

Please note:

- The Fee Schedule will be updated in line with the currency of the NDIS Price Guide and reflects the recommendations of the Australian Psychological Association.
- The Australian Psychological Association recommended rate for Psychology in 2021 – 2022 is \$267 for a 50-minute psychology session. We have reduced this rate to be in line with the NDIS price guide.
- Your child is not required at the initial consultation as this appointment allows the psychologist to gather a developmental history.
- If you have provided the clinic with a current GP Mental Health Treatment Plan (MHTP) then you will be entitled to claim a rebate from Medicare.

The full amount **must** be received first by our clinic and then the claim will be processed – note a MHTP has limitations, and these should be discussed with your GP. The Mental Health Treatment Plan does not apply to the initial appointment.
